More Sheep More Wool

Partnering with Canadian wool
producers since 1918
WWW.WOOL.CA

Tops in service and returns

As a national co-operative with an agricultural base, the Canadian Co-operative Wool Growers Limited (CCWG) collects, grades, and markets nearly three million pounds of wool each year produced by flocks across the country. CCWG continues to adhere to one of its founding principles: aiming for the highest overall return to wool growers for their product. Business success translates into dividends for shareholders, incentives for wool shippers, and infrastructure improvements for better service.

Partnering with producers

As the sheep producer's partner, CCWG is committed to maximum efficiency in wool handling, grading accuracy, and orderly marketing of wool. In addition, we aim to serve producers needs with a wide variety of livestock supplies, available through branches, agents and by mail. Growers are encouraged to become members of the co-operative, to have a voice in its affairs, and share in its benefits.

CCWG mandate: to be a producer co-operative endeavouring to market wool at the top price it deserves while operating the business efficiently to maximize returns to the wool producer.

Serving your interests

The only grower-owned and operated wool marketing company in Canada offers:

- Efficient and year-round collection of Canadian wool for marketing world-wide
- Rewards for top quality through the Wool Preparation Incentive/Rebate (WPIR)
- An opportunity for growers to become shareholders and thereby be eligible for the Shareholder Discount Plan and the Shareholder Wool Shipper Loyalty Reward Program (SWSLRP)
- A national network of wool collection and CCWG Livestock Supply centres and agents across Canada
- Collaboration with sheep shearers and wool depots through the Licenced Operator Program
- Prompt servicing of shearing equipment
- Representation on the Board of Directors from all regions of Canada by persons directly involved with the sheep industry
- Cooperation with national and provincial sheep organizations to promote the Canadian sheep industry
- Promotion of Canadian wool through the Real Wool Shop, a retail division of CCWG
- Support and encouragement to sheep and wool events across Canada
- Support for research and development of products made from Canadian wool
- Over ten decades of expertise and service – a remarkably stable and enduring presence

Maximizing returns to growers

When you sell your clip through CCWG you have:

- A national network for wool collection and handling
- Careful grading and objective measurement of quality
- Access to domestic and international wool markets
- A company that strives for efficiency to provide the best possible returns to the producer
- An opportunity to earn rewards for good-quality, well-packed wool

Earn rewards for top-quality wool clips

Through CCWG's Wool Preparation Incentive/Rebate (WPIR), a bonus of up to 8 cents per pound is paid on the total net weight of the wool clip (all grades, including offsorts).

This is intended to reward producers for taking the time and effort to present a clean, well-prepared and well-packaged wool clip for grading and marketing.

Visit www.wool.ca for guidelines to help improve your wool preparation and achieve higher financial returns.

Wool Pellets for your garden - the future of low-grade wools

Wool Pellets are made from 100% raw wool. The main fleece of the wool is used to make yarn or clothes, but the belly wool & the "tags" are used to make pellets.

Become a shareholder

As a shareholder in your own co-operative you:

- Have a voting voice in CCWG affairs, through regional representation
- Receive an annual dividend on your share investment (7% annually since 1999)
- Qualify for a Shareholder Discount of 2% on most purchases at our CCWG Livestock Supplies branch locations and at the Real Wool Shop
- Are eligible for the Shareholder / Wool Shipper Loyalty Reward Program (SWSLRP)

An added bonus for loyalty

This rebate is paid to shareholder / wool shippers in the form of a CCWG profit-sharing coupon that can be redeemed when purchasing products through any CCWG branch or agent.

The Shareholder Wool Shipper Loyalty Reward Program (SWSLRP) recognizes shippers who are also shareholders with a rebate on their wool clip.

Following each year-end and depending on the overall profit from all company business, the Board of Directors allocates a percentage of the year's profit to a reserve account for SWSLRP.
