ROUND PEN PANELS

This unique panel is designed with the horse person in mind, although it's light-weight, yet rugged design works for cattle as well. Panels are made with 1¼" x 1¼" x 0.100 wall square tube outside frame with 1" x 1" x 0.100 wall square tube horizontal bars turned to form a diamond shape for a unique look and added strength. Panels are offered in 5 or 6 bar versions and come standard in dark green powder-coated finish for extra durability and appearance. Other colour options available upon request. Panels have square top corners to eliminate "V"s where panels join. Another feature is the "Quick Connect" system that allows for faster setup and more versatility on uneven ground.
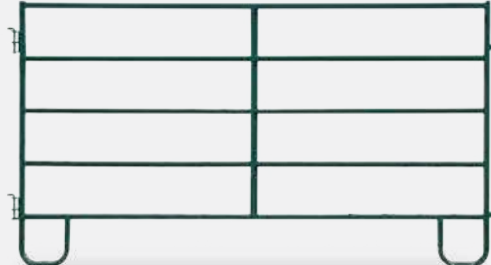

"RP Series" 6-Bar Panel
#RP106 10' 6-Bar Panel (shown)
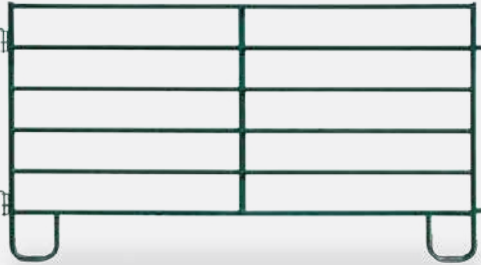

"RP Series" 5-Bar Panel
#RP105 10' 5-Bar Panel (shown)

NET TEX

CROOK KIWICROOK
It's both a leg and a neck crook, the most important advantage is the self-locking lever on the leg portion that ensures that an animal's leg, once caught, remains caught until released by human hands.
CROOK KIWICROOK
Il s'agit à la fois d'un crochet pour patte et cou. L'avantage le plus important est le levier auto-bloquant sur la partie pour la patte qui assure que la patte d'un animal, une fois attrapé, reste attrapée jusqu'à ce qu'elle soit relâchée par le producteur.
$94.95

Place in sunny location for best recharging or can be charged by USB port.
FOXLIGHT SOLAR
9 lumières DEL projetant à 360 degrés peuvent être vues sur un kilomètre.
Placer dans un endroit ensoleillé pour une meilleure recharge ou peut être chargé par le port USB.
$164.95

WELDED WIRE PANELS
Rod ends do not project past the ends or sides so they don't snag or tear. Hot-dip galvanized rods, 3"x4" and 4"x4" square openings stop small animals. Can be used for lambing jugs, mothering-on pens, creep feeding etc. Can be framed to orphan headgates, walk-thru, drive-by feeders, or use as field gates

PANNEAUX DE FIL SOUDÉS
Les extrémités des tiges ne dépassent pas les extrémités ou les côtés du barrière pour qu'elles ne s'accrochent pas les animaux. Des tiges galvanisées, des ouvertures carrées de 3 "x4" et de 4 "x4" arrêtent les petits animaux. Peut y être utilisé pour les cruches d'agnelage, le parc /a dérober, etc. Peut y être utilisé avec des carcan de têtes, des passages, des mangeoires ou des portes de pâturage.

GALVANIZED WIRE PANEL HINGE
Provides a strong, reliable connection that is also a 360 hinge. Unlike twine or soft wire, this hinge will not fail. Penture pour panneau de fil galvanisé
CHARNIÈRE DE PANNEAU EN FIL DE FER GALVANISÉ
Vous donne une connexion solide et fiable qui est également une penture à 360 degrés. Contrairement à la ficelle ou au fil souple, cette charnière ne feras pas défaut.

ROUND BALE FEEDER
Has small holes for less wastage, folds flat for easy storage and transport. Adapts to most bale sizes or shapes. Adult sheep can't get inside.
ALIMENTEUR DE BALLES RONDES
A de petits trous pour moins de gaspillage, se plie à plat pour l'entreposage et la manipulation faciles. S'adapte à la plupart des tailles et des formes de balles. Les moutons adultes ne peuvent pas entrer à l'intérieur.
